Our Pedigree

- Originally established in 1991, we remain a privately owned and independent organisation
- Having identified the value of local offices, the Jobson James Group have recently opened an office in Leominster
- Our clients include corporate and private companies throughout the UK and internationally
- Our hands are not tied to any one insurer or service provider
- We have our own 'in house' claims service
- We work with many of the Midlands' leading companies, including those with operations overseas, and high net-worth individuals
- We take an holistic approach to risk and design bespoke insurance solutions for clients
- We place and manage millions of pounds of insurance premiums on behalf of our clients
- We place risks in the Birmingham and London markets, including Lloyds of London specialist markets
- We have a team of highly skilled and trained Risk and Insurance specialists who between them have over 600 years of experience
- The client is at the heart of everything we do and personal service and attention to detail is assured
- We are passionate, knowledgeable, professional and courteous
- We are very much 'hands on' and believe in building lasting relationships
- A dedicated Account Manager is available at all times, 24 hours a day
- Transparency and integrity underpin our work
